UDIA WA
Educate

A message from the CEO

Invest in future success with UDIA WA Educate

At UDIA WA, we recognise that people are central to all that we do – as an organisation and as an industry. That’s why we’re committed to being the trusted ‘go to’ for our members and others seeking high-quality, industry-specific professional development.

With a wide and growing range of tailored courses, led by respected industry leaders, we’re proud to support the upskilling and capability-building of WA’s property sector.

When you support your team to participate in our courses, you are:

- Investing in the professional growth of your people;
- Contributing to stronger staff engagement, retention and productivity; and
- Prioritising capability building for enhanced performance and succession planning.

The success of any company lies in the talent and vision of its people.

When you enrol as an individual, you are:

- Demonstrating your commitment to continuous learning and improvement;
- Building practical, industry-relevant technical knowledge and skills that enhance your effectiveness in your role and support your career progression; and
- Seizing valuable networking opportunities with industry peers and leaders.

In today’s dynamic and fast-paced environment, continuous learning is not just beneficial – it’s essential.

Explore our current course offerings in this brochure.

Finally, I would like to extend our sincere **thanks to our Education Partner Stockland, and to the dedicated industry experts** that work with us in delivering our courses and help ensure our UDIA WA Educate program continues to support professionals in reaching their full potential.

Tanya Steinbeck
CEO, UDIA WA

Built Form Development

An Apartment Masterclass

“One of the best courses I’ve done. More engaging, interesting & informative than any university lecturer, CPD trainer or prior course I’ve attended.”

“Very comprehensive course. Danielle has a wealth of knowledge to share and I’ve taken a lot away from the two days.”

Course outline

In Person

31 March – 1 April 2026

Course Summary

The *Built Form Development – Apartment Projects* masterclass teaches the practical elements of residential built form development, with a focus on apartment projects; from site identification, feasibility analysis and assumptions, product design, and demographic analysis, to the delivery, titling, contracting and sales and marketing.

Real life examples, and plenty of life lessons, make this an excellent course for anybody wanting to get into medium to high density development, for those that are already in the industry wanting to grow their knowledge base, or for those that service the industry and wish to better understand a developers assumptions.

Learning outcomes

Complete this course to:

- Understand apartment development processes & practices
- Understand the full project life-cycle of built-form developments
- Minimise mis-calculations & make informed decisions when working in this field

Course Structure

This course is delivered in person across two days:

- Session 1: Acquisition of a site
- Session 2: Demographics
- Session 3: Planning
- Session 4: Product Design
- Session 5: Feasibility creation & interpretation
- Session 6: Developing the site
- Session 7: Project goes live
- Session 8: Project completion
- Session 9: Sales & marketing

CPD Points

Attendance at this course attracts **7 REBA CPD points**. Register your intention to claim points when you register for the course by providing your license type & number.

Cost

All costs are inclusive of GST.

Member: \$1,900 pp

Non-member: \$2,475 pp
