INTRODUCING EXPRESSIONS OF INTEREST

For the first time, UDIA WA is introducing an optional Expression of Interest period to our Awards for Excellence nomination process.

While the formal nomination period will be launched on 12 March, EOI's are open now to give the UDIA WA team and judging panel an indication of expected nominations across all categories to assist with our forward planning.

Any EOI's received during this period are non binding.

If you or your organisation do not make a formal nomination following the lodgment of an EOI, that is ok!

Likewise, you can nominate a project during the formal nominations period, regardless of entering an EOI.

Any EOI's received, that later translate into a formal nomination, will receive a 10% discount on the nomination fee.

ABOUT THE AWARDS

Prestigious and highly sought after by the Western Australian development industry; the UDIA WA Awards for Excellence program is one of WA's most respected and valued industry awards.

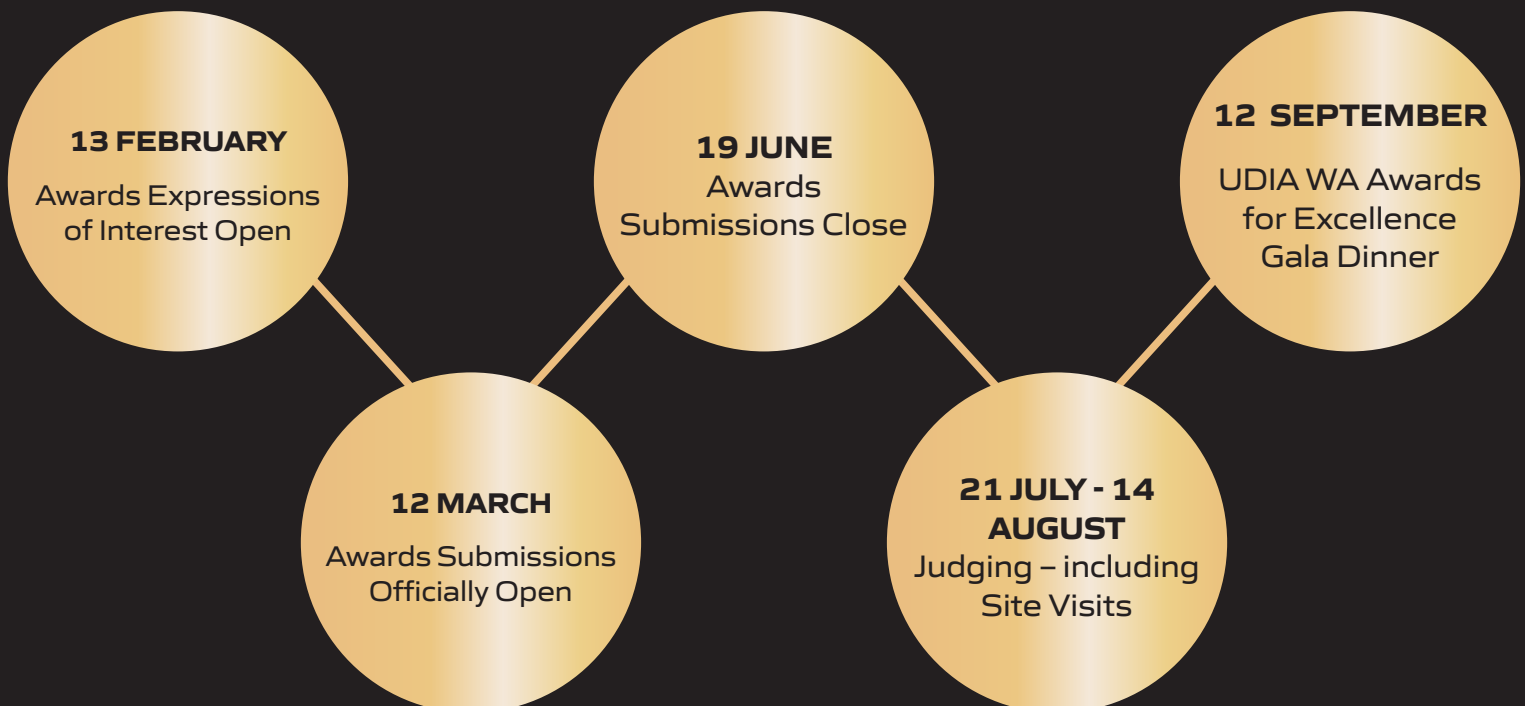

Eligible category winners can enter the UDIA National Awards where Western Australia has a strong track record of success, highlighting the state's leading best practice and high level of expertise.

Specifically developed by, and for, the development industry and judged by highly respected, independent industry

professionals, the Awards recognise excellence and innovation across Western Australia at a project, team and individual level.

The Awards program concludes with a spectacular Gala Dinner and presentation ceremony that attracts a large and influential audience of development professionals along with dignitaries from the Western Australian Government.

KEY DATES

2026 AWARDS FOR EXCELLENCE EXPRESSIONS OF INTEREST FORM
